

Biology Department Activity for Previous Years

First: Scientific visits

1- The students of Al-Manahil Intermediate School in Abha visited the Biology Department on Sunday 12/03/1439.

2- The students of Rowad Abha Secondary School visited the Department of Biology on Sunday 3/24/1440.

3- The school laboratory supervisors in the Department of School Equipment and Education Technologies visited the Biology Department on Sunday 4/7/1440.

Second: Field visits

The following field visits were conducted as part of a questionnaire conducted by the Biology Department to determine the needs of the labor market:

Sunday 6/6/1438

Almarai Company - Khamis Mushait Civil Hospital - Al Hayat National Hospital - Saudi German Hospital - Asir Central Hospital - King Faisal Medical City.

Monday 7/6/1438

Abha Private Hospital - Water Authority in Abha - Department of Education for Rigal Alma - Raida Reserve in Al Souda - Sewage Treatment Unit in Abha - Medical City at King Khalid University in Abha.

Tuesday 6/8/1438

The Central Laboratory of Aseer Health - The Poisons and Forensic Medicine Center in Asir Health - The Vector Control Center in Asir Health - Rijal Alma Hospital - the Ministry of Trade and Industry in Abha - the General Presidency of Meteorology and Environmental Protection in Abha.

Wednesday 9/6/1438

The secretariat of the Asir region in Abha - the water directorate laboratory in Aseer in Abha and Mahalla - the global future schools in Khamis Mushayt - the South automatic bakeries - Al-Rowad National Schools (Taif Road).

Thursday 10/6/1438

Civil Defense in Abha- Agricultural Safety Division in Abha - Saudi Organization for Standardization and Metrology in Jizan - PepsiCo, Abha-Khamis Road - Self-operation in Asir region in Abha - Aramco Company in Jizan - Ministry of Water, Agriculture and Environment branch in Abha.

Sunday 6/13/1438

Al-Manarat National Schools in Abha - National Schools of Abha - Al-Burj Medical Laboratories in Abha - Al-Borg Medical Laboratories in Khamis Mushayt.

Monday 14/6/1438

Department of Livestock and Fisheries in Abha - Department of Education in Abha - School Health Unit - Primary Health Care Center in Abha - Ahad Rafidah Hospital.

Tuesday 6/15/1438

Department of Agricultural Guidance and Extension in Abha - Primary Health Care Center in Al-Mankh in Abha - Al-Manahil Schools in Abha.

Wednesday 6/16/1438

Al Qabil Health Center in Abha - Advanced Cell Laboratory in Khamis Mushait - Alpha Medical Laboratories in Khamis Mushait.

Thursday 6/16/1438

Sarat Abidah Hospital - Futures Futures Schools - Abha - Shamsan Primary Health Care Center in Abha.

Third: Scientific seminars and training courses

28/2/2018	Dr. Ahmed Almansi	Indicators of dorsal aortic cardiopulmonary dysfunction in rats, mothers and offspring.
		
7/3/2018	Dr. Esam Hassan	Training on the ELISA device equipped with a computer.

		
<p>14/3/2018</p>	<p>Dr. Kareem Morsi</p>	<p>Does cooking and freezing fish infected with nematodes protect against allergic reactions or not?</p>
		
<p>21/3/2018</p>	<p>Dr. Kamel Al-Tamimi</p>	<p>Bio-Nano-Carriers.</p>
<p>21/3/2018</p>	<p>Dr. Ebrahim Eid</p>	<p>Introduction to statistical analysis and the use of (SPSS) program</p>

28/3/2018 **Dr. Gamal El-Shaboury** **Training on the Soxhlet device for extracting plant extracts.**

4/4/2018 **Dr. Moqbel El-Nowerey** **Conservation of bees for sustainable beekeeping.**

11/4/2018 **Dr. Gamal El-Shaboury** **Training on spectrophotometer and microscope with camera.**

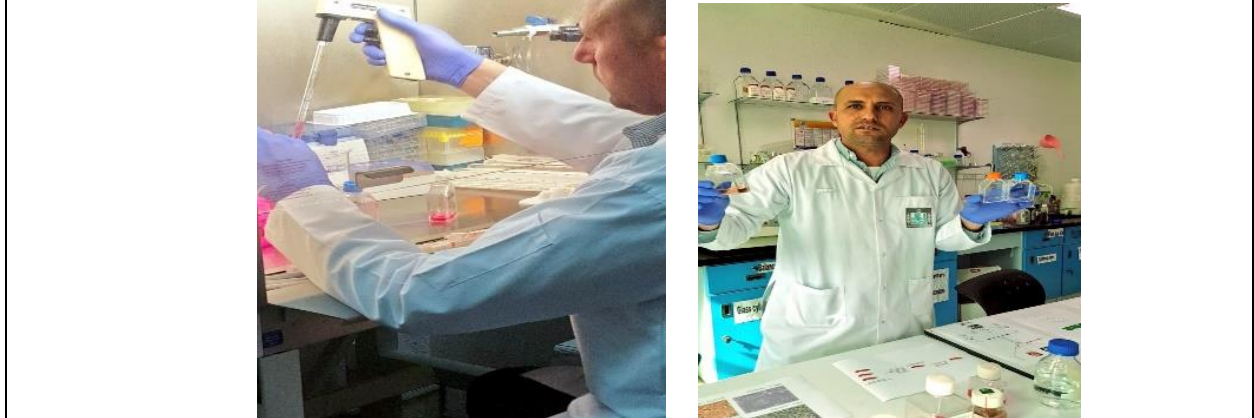

18/4/2018	Dr. Serag Al- Behery	Practical training in tissue transplantation.
		
25/4/2018	Dr. Esam A- Din Al-Waraq	Data and methods of collecting it between accuracy and validity.
		
14/11/2018	Dr. Ahmed Almansi	Anti-hypercholesterolemic impacts of barley and date palm fruits on the ovary of Wistar albino rats and their offspring.
		
21/11/2018	Dr. Ebrahim Eid	Mangrove forests and their environmental role.
28/11/2018	Dr. Abd- Allah Attia	Germination physiology of halophytes.

5/12/2018	Dr. Kamel Al-Tamimi	Cancer cell; the “master shef” of bio-transformation.
-----------	----------------------------	---

16/1/2019	Dr. Serag Al-Behery	Cell Culture Techniques
-----------	----------------------------	-------------------------

23/1/2019	Dr. Ahmed Ezat	The role of kisspeptin in the reproductive function in female animals.
-----------	-----------------------	--

30/1/2019	Dr. Mostafa Taher	Desertification
6/2/2019	Dr. Sadiq Khalid	Effect of visible light on larva of <i>Aedis aegypti</i> the vector of dingo.
13/2/2019	Mr. Nawaf Al-Shahrani	The role of gold in treating cancer, and other uses.
20/2/2019	Dr. Khalid Khan	Honey bees and their importance.

Fourth: Scientific Research and Publishing for Members

Statistics of the number of scientific papers published in the biology department:

Number of published researches	Year	٤
71	Research published in the ISI database for the academic year 2017	1
155	Research published in the ISI database for the academic year 2018	2
274	Research published in the ISI database for the academic year 2019	3
327	Research published in the ISI database for the academic year 2020	4

Fifthly: Some of the department's participation in community service

1- Visiting the talent students to the biology department

2- The department's participation in the first agricultural conference with a lecture by Prof. Dr. Hamed Al-Ghama and another by Dr. Moqbel Al-Nuwairi

3- The department's members meeting in 1440-1441

Sixth: Sports Activities

1- Participation in the Football League for the Dean's Cup on 7/12/1441.

2- Participation in the Football League for the Dean's Cup on 3/20/1441.

3- The Biology Department team won the football tournament among the four departments of the College of Sciences (Mathematics - Physics - Biology - Chemistry) organized by the College of Science Club, 1440.
